SUCCESS MADE BY PEOPLE

International Hospital Projects of ACENDIS

Holistic, customer-oriented solutions "Made in Germany"

ACENDIS started as a project company in 1995 with the aim of being a reliable and competent partner for hospitals and health care facilities. Today, we can claim to have not only achieved this goal, but also to have far exceeded it. Hospital operators and owners worldwide use the extensive services of ACENDIS. We are happy to share our know-how and experience from more than 250 projects in more than 15 countries, because they give us the opportunity to act reliably and in a goal-oriented manner on behalf of our customers. We are always there for you, before, during and even long after project completion. We offer comprehensive support over the entire project period, according to our motto "Together.

All the way". Professional competence, trust and the will to achieve the best for you, our customers, make us stand out. With our branches and partners in Europe, the Near and Middle East, and North Africa, we are available for you directly on site and know the regional conditions and people. Would you like to get to know us better? Our competent project team will be happy to show you the numerous advantages that will benefit you when working with ACENDIS. As a German company, we would like to invite you to visit our headquarters in Hanover, in the north of Germany. Convince yourself personally of the benefits of our city, our team and of ACENDIS as your new project partner.
